Eder, Jens	jens.eder@gmx.de	Filmwissenschaft / Mediendramaturgie, Johannes Gutenberg-Universität Mainz, Wallstr. 11 – Medienhaus, Mainz, Germany	Hufelandstr. 39 10407 Berlin	My main research interest is in the narratology of film, tv, and other audiovisual media. In this field, I have focused on the reception and effects of audiovisual narratives as well as on theories of fiction, emotion and character. Currently, I'm considering possibilities of applying narratology to cultural analysis, e.g. changing images of human nature.
