Hermann, Marie-Luise	ml.hermann@ psychologie.uzh. ch	Universität Zürich, Klinische Psychologie, Psychotherapie & Psychoanalyse	Binzmühlestr. 14/16 CH-8050 Zürich	I am interested in qualitative methods to examine narratives: 1. Understanding the inner side of aging (narrative gerontology): How do older people tell their lives in life review interviews? Whom do they ascribe happy and unhappy experiences? Instrument: analysis of “giving credit”, a content analysis method I have developed. 2. How do patients tell stories in psychotherapy? Instrument: “narrative analysis JAKOB”, developed by Boothe et al. at our department
